

BMO® S&P/TSX 60 Market Index GIC

Growth potential of Canadian Stock Market; Security of a GIC

100% Principal Protected

Overview

A medium or longer-term principal-protected investment with the potential to generate indexlinked returns based on the performance at a set participation rate of the S&P/TSX 60 Index. The index-linked return, if any, will be the percentage change in the value of the Reference Portfolio over the term, multiplied by the participation rate.

Reference Portfolio

S&P/TSX 60 Index

This index is comprised of 60 Canadian large cap companies listed on the S&P/TSX Composite with a view to matching the sector balance of the S&P/TSX Composite Index. It gives you broad exposure to Canadian large cap stocks.

Term 3 or 5 Years

Minimum Investment \$1000

Unlimited Return Potential

Participation Rate Set at the time of purchase*

Investor suitability

This investment may be suitable for you if you are looking to diversify your portfolio with a medium or longer-term investment offering principal protection and access to your capital at maturity. You are willing to forego a guaranteed return for the potential to earn higher market-linked returns which would, if earned, be paid to you at the end of the term.

Key Benefits

Equities provide the potential for enhanced returns but also carry with them the potential for higher volatility. This GIC tracks the performance of S&P/TSX 60 Index, which is comprised of 60 of the largest equities in Canada, and is an excellent way for you to get exposure to the some of the market leaders in the Canadian market with the security of principal protection.

- ✓ 100% principal protection
- ✓ Easy way to get exposure to some of the largest companies in Canada
- ✓ Potential for index-linked returns at a set participation rate based on the performance of S&P/TSX 60 Index
- ✓ Guaranteed by Bank of Montreal, one of Canada's leading financial institutions
- ✓ Eligible for Canada Deposit Insurance Corporation (CDIC) deposit insurance up to applicable limits

BMO Market Index GICs are issued by Bank of Montreal Mortgage Corporation and unconditionally guaranteed by Bank of Montreal. The principal amount of a BMO Market Index GIC is guaranteed and is repaid upon maturity, but there is no guarantee of any return that is linked to the performance of underlying indices. The rate of return payable, if any, is the Percentage Growth of the underlying index in the Reference Portfolio during the term of the GIC multiplied by the Participation Rate, but will not be less than zero. The rate of return is not an annual rate but is the rate of return over the entire term of the GIC. The Percentage Growth of the underlying index is the percentage difference, if any, between the value of the index as of the market close on the Wednesday for sales from Saturday to Friday of the previous week and the average value of the index on the 15th day of the last six months before the GIC matures. The Percentage Growth does not include appreciation or depreciation of the value of foreign currencies against the Canadian dollar. If market disruptions or other special circumstances affect the calculation of the return, we may adjust or delay this calculation or payment of any interest. The rate of return, if any, is based on a price return index, not a total return index. The Terms and Conditions for BMO Market Index GICs are available at your local BMO Bank of Montreal branch. BMO Market Index GICs are not available in an RSP if the GIC's maturity date is after the date a client is required to convert the RSP to a RIF.
